FAOG Human Resources Committee Webinar - Engaging Your Fulcrum: Leveraging Org Design
01:00 PM - 02:00 PM CST

In a world where visionaries are lauded and glorified, the way we design our organization structures and roles has a tendency to equate grand ideas with seniority. But there is a better way! Let's dive deep into how your operating model can empower and enable visionaries (levers) and implementers (fulcrums) alike. Join international bestselling author and Organizational Efficiency Engineer Belle Walker in exploring the practical implications of her TEDx talk: The X-Factor Behind Implementing Genius.

This webinar is hosted by the FAOG Human Resources Committee and featuring Belle Walker, Founder and Lead Consultant of Belleview Consulting, as the speaker.

Key Takaways:

*How to differentiate Strategic Insight vs. Business Impact
Basic checklist for reviewing your current Operating Model
Reflection Questions to ensure your implementers are fully engaged*

1.0 CPE Credit Pending. In order to be awarded the full credit, you must respond to the polling questions asked during the program and complete the evaluation form afterwards.
